

Small Talk

Winter 2019/2020

Welcome to the Winter 2019/2020 edition of our newsletter, bringing you seasonal and topical information and updates.

PRACTICE NEWS

We would like to wish all our clients and their pets a very Happy Christmas and a healthy New Year.

Congratulations to Becky & Matt on their recent engagement, we wish them every happiness in their future together.

Welcome to Sam & Holly. Sam is a student Vet Nurse in Newtown and Holly is an RVN in Knighton. We wish them both every success at Hafren and hope they will be very happy working with us.

BOOSTER ALERT

Did you know that vaccinations can help protect your pet against a range of potentially life threatening diseases. Puppies, kittens and rabbits require a course of vaccines as young pets followed by regular booster vaccinations throughout their lives. Please contact the surgery with any queries

WINTER SURVIVAL GUIDE

On snowy days remember to check your pet's paws after walks - snow balls can be painful between toes and grit and salt can be caustic. During the festive season watch out for toxins such as chocolate, raisins, grapes, antifreeze and lillies. Don't forget our outdoor pets too—make sure the hutch is sheltered and they have plenty of clean, warm bedding. Also keep a regular eye on the water container to make sure it doesn't become frozen. Finally, have fun with your pets and stay safe over the festive season.

FAT TO FIT CLUB

With the shorter days and the cold nights— it's all too easy for pets to spend too much time lounging about in the warm rather than getting out and about. Add to this all the Christmas treats and the winter months can become very challenging weight wise. Weight gain can lead to or worsen a range of medical conditions such as arthritis, heart disease and diabetes. Please contact us and find out about our Fat to Fit Club , run by our fabulous team of nurses and help our pets be healthy in 2020

For more information contact the your local branch.
